

**HDB'S SALES LAUNCH
OCTOBER 2024**

BTOgether

IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as preschools, eldercare facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs, even after residents have moved into the precincts. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, construction sites, and land used for non-residential purposes including but not limited to industrial, commercial or utility uses. Hence, residents may experience related disamenities including but not limited to higher noise levels and smell nuisance. We have provided information on the surrounding land use, proposed facilities and their locations in the maps and plans of individual projects, where feasible. All developments and facilities shown (including but not limited to their locations, form, massing and/or building heights) are subject to change and planning approval. The information provided is based on the current planning intent of the relevant authorities and is subject to change from time to time.

This brochure may contain forward-looking statements regarding future developments, projections, estimates, and other statements about HDB's plans, goals, and expectations on the development.
