

Rail Garden
@ CCK

**HDB'S SALES LAUNCH
FEBRUARY 2024**

BTOgether

RAIL GARDEN @ CCK

Rail Garden @ CCK is nestled between the Rail Corridor along Woodlands Road and a linear green along Sungei Pang Sua. The project comprises 6 residential blocks ranging from 5 to 11 storeys, and a 4-storey Multi-Storey Car Park (MSCP) which will have a preschool at the ground level and a roof garden. You can choose from 465 units of 2-room Flexi, 3-, and 4-room flats.

Various recreational and communal facilities are provided for residents within Rail Garden @ CCK, such as children's playgrounds, adult and elderly fitness stations, and rain gardens. To celebrate the area's distinctive railway heritage, the design of the project's landscape and precinct pavilion are inspired by railway platforms and tracks.

Please refer to the site plan for the facilities provided in Rail Garden @ CCK. Facilities in this project will be accessible by the public.

IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as preschools, eldercare facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, construction sites, and land used for non-residential purposes. Hence, residents may experience higher noise levels. We have provided information on the surrounding land use, proposed facilities, and their locations in the maps and plans of individual projects, where feasible. All developments and facilities shown (including but not limited to their locations, form, massing and/or building heights) are subject to change and planning approval. The information provided is based on the current planning intent of the relevant authorities and is subject to change from time to time.

SMART SOLUTIONS

Rail Garden @ CCK will come with the following smart solutions to reduce energy usage, and contribute to a safer and more sustainable living environment:

- Smart-Enabled Homes with provisions to facilitate adoption of smart home solutions
- Smart Lighting in common areas to reduce energy usage
- Smart Pneumatic Waste Conveyance System to optimise the deployment of resources for cleaner and fuss-free waste disposal

EMBRACING WALK CYCLE RIDE

With an increased focus on active and healthy living, the housing precinct is designed with well-connected pathways to make it easier for residents to walk and cycle more as part of their daily commutes to the surrounding amenities and public transport:

- Convenient access and walking distance to public transport
- Safe, pleasant, and welcoming streets for walking and cycling
- Sheltered covered linkways and barrier free accessibility to facilities
- Wayfinding and signages for orientation and navigation

Rail Garden @ CCK is served by Bukit Panjang MRT and Choa Chu Kang MRT Stations, Bukit Panjang Integrated Transport Hub, as well as several LRT Stations. Residents can easily access bus services along Woodlands Road. Alternatively, residents can also cycle, trek, or jog along the Rail Corridor, a 24km long recreational corridor that connects the north and south of Singapore. Learn more about transport connectivity in this town using MyTransport.sg app at <https://www.lta.gov.sg/content/dam/ltgov/Home/PDF/MTM.pdf>.
