

ULU PANDAN
VISTA

**HDB'S SALES LAUNCH
DECEMBER 2023**

BTOgether

ULU PANDAN VISTA

Ulu Pandan Vista is bounded by Commonwealth Ave West and the Ulu Pandan Park Connector. The project comprises 3 residential blocks ranging from 34 to 45 storeys, and offers 890 units of 3- and 4-room flats. Ulu Pandan Vista is offered under the Prime Location Public Housing (PLH) model (<https://www.hdb.gov.sg/cs/infoweb/residential/buying-a-flat/finding-a-flat/plh>).

The name 'Ulu Pandan Vista' embodies the lush greenery offered by the surrounding landscape and the Ulu Pandan Park Connector that residents can enjoy. In developing the area, HDB has considered the findings from the Environmental Baseline Study and Ecological Profiling Exercise, as well as feedback from Nature Groups and the community. The site will be developed to support the local biodiversity while enhancing residents' well-being. The sky terraces and roof gardens at the residential blocks and atop the Multi-Storey Car Park (MSCP) are ideal spots for residents to mingle with one another, or simply to unwind and relax.

As part of the Health District @ Queenstown (<https://www.hdb.gov.sg/cs/infoweb/about-us/news-and-publications/press-releases/20102021-Pilot-Health-District-in-Queenstown-to-Focus-on-Residents-Holistic-Well-being>), Ulu Pandan Vista boasts a variety of recreational and communal facilities to enhance residents' physical, social, and mental well-being. These include children's playgrounds, and adult and elderly fitness stations for the active. Residents can also exercise or jog along the adjacent Ulu Pandan Canal Linear Park.

A wide range of amenities including shops, a supermarket, food and beverage outlets, and a preschool will be provided in the project. Please refer to the site plan for the facilities provided in the project. Facilities in this project will be accessible by the public.

ABOUT QUEENSTOWN AND HEALTH DISTRICT @ QUEENSTOWN

Queenstown is located in the Central-West region of Singapore, and Ulu Pandan Vista is located within the Health District @ Queenstown (<https://www.hdb.gov.sg/cs/infoweb/about-us/news-and-publications/press-releases/20102021-Pilot-Health-District-in-Queenstown-to-Focus-on-Residents-Holistic-Well-being>), a first-of-its-kind multiple stakeholder collaboration project to create integrated solutions that will enhance the health and well-being of residents across their life stages. This is in line with HDB's 'Designing for Life' roadmap, which places the holistic well-being of residents at its core. The Health District @ Queenstown will look at more integrated planning and design of Queenstown informed by scientific evidence, and community-driven programmes to support residents in leading healthier and more productive lives. Healthcare amenities in Health District @ Queenstown include Queenstown Polyclinic, Alexandra Hospital, and National University Hospital.

In Ulu Pandan Vista, residents can also look forward to a wide range of amenities that provide daily conveniences. In addition, in its vicinity, Ghim Moh Market and Food Centre offers a wide variety of food and shopping choices. More options are abound at Holland Drive Market and Food Centre, The Star Vista, and Holland Village located within the town. Visit Where2Shop@HDB (<https://www.hdb.gov.sg/cs/infoweb/residential/where2shop/explore/queenstown>) to discover more HDB heartland shops in the neighbourhood.

Ulu Pandan Park Connector, the Rail Corridor, and One-North Park are scenic places to enjoy leisure strolls amid greenery. Alternatively, you can participate in the activities and classes organised by Ulu Pandan Community Club and Buona Vista Community Club.

Parents with school-age children can consider schools in the town like Fairfield Methodist School (Primary and Secondary), New Town Primary and Secondary School, Anglo-Chinese Junior College, and Singapore Polytechnic.

IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as preschools, eldercare facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, construction sites, and land used for non-residential purposes. Hence, residents may experience higher noise levels. We have provided information on the surrounding land use, proposed facilities, and their locations in the maps and plans of individual projects, where feasible. All developments and facilities shown (including but not limited to their locations, form, massing and/or building heights) are subject to change and planning approval. The information provided is based on the current planning intent of the relevant authorities and is subject to change from time to time.

ECO-FRIENDLY FEATURES

To encourage green and sustainable living, Ulu Pandan Vista will have several eco-friendly features such as:

- Separate chutes for recyclable waste
- Regenerative lifts to reduce energy consumption
- Bicycle stands to encourage cycling as an environmentally-friendly form of transport
- Parking spaces to facilitate future provision of electric vehicle charging stations
- Use of sustainable products in the project
- Active, Beautiful, Clean Waters design features to clean rainwater and beautify the landscapes

SMART SOLUTIONS

Ulu Pandan Vista will come with the following smart solutions to reduce energy usage, and contribute to a safer and more sustainable living environment:

- Smart-Enabled Homes with provisions to facilitate adoption of smart home solutions
- Smart Lighting in common areas to reduce energy usage
- Smart Pneumatic Waste Conveyance System to optimise the deployment of resources for cleaner and fuss-free waste disposal

EMBRACING WALK CYCLE RIDE

With an increased focus on active and healthy living, the housing precinct is designed with well-connected pathways to make it easier for residents to walk and cycle more as part of your daily commutes to the surrounding amenities and public transport:

- Convenient access and walking distance to public transport
- Safe, pleasant and welcoming streets for walking and cycling
- Sheltered covered linkways and barrier free accessibility to facilities
- Wayfinding and signages for orientation and navigation

Ulu Pandan Vista is a car-lite precinct designed for residents to adopt green modes of commuting and to enjoy the benefits of more sustainable car-lite living. Car parking provision will be reduced for these projects. Residents at Ulu Pandan Vista will be served by bus services and enjoy barrier-free accessibility to Dover MRT Station.

Learn more about transport connectivity in this town using MyTransport.sg app (<https://www.lta.gov.sg/content/dam/ltgov/Home/PDF/MTM.pdf>).

Dover MRT Station

CAR-LITE PRECINCT

As announced by LTA and HDB on 5 Oct 2022, there will be designated HDB car-lite precincts within gazetted car-lite areas. They are planned with good public transport, walking, and cycling connections.

Ulu Pandan Vista will be one such car-lite precinct. It is located near Dover MRT station within the gazetted Ulu Pandan car-lite area. Residents of Ulu Pandan Vista will enjoy good public transport connectivity, with convenient access to rail and bus services. There will be sheltered elevated linkways connecting them directly to Dover MRT station and barrier-free accessibility to bus stops along Commonwealth Avenue West. To enable residents to walk safely, vehicular roads will be located at the perimeter of the precincts, segregated from the main pedestrian walkway. There will also be a comprehensive network of walking and cycling paths, providing residents with seamless connectivity to the neighbourhood centre and key amenities in Ghim Moh via the Park Connector Network.

Designed for residents to adopt green modes of commuting, the parking provision will be reduced, freeing up space for public facilities and greenery. With more limited parking provision, available lots will be prioritised for residents in these precincts through additional parking demand management measures:

- **Season parking will be reduced and restricted to residents only.** Similar to all other HDB residential car parks, season parking sales will be on a first-come-first-served basis, subject to availability, and residents' first car will be accorded higher priority than residents' 2nd and subsequent car(s). As non-residents will not be able to buy season parking within car-lite precincts, they may do so at alternative nearby car parks.
- **Residents who buy season parking for their 2nd and subsequent vehicles will be charged a higher season parking rate** pegged to Tier 2 Restricted Zone rate, subject to availability. Learn more about the tiers for monthly season parking charges (<https://www.hdb.gov.sg/car-parks/season-parking/season-parking/application-procedure>) and the current rates.
- **Short-term parking for visitors will remain available, albeit with limited lots.** Parking charges may be adjusted based on demand.

FINISHES AND FITTINGS

More than just a well-designed and functional interior, these flats will come with the following finishes and fittings.

The Optional Component Scheme (OCS) is an opt-in scheme that provides convenience for our buyers. If you opt-in for OCS, the cost of the optional components will be added to the price of the flat. Please refer to the attached OCS leaflet for details

LAYOUT IDEAS

3-ROOM FLOOR PLAN (With Suggested Furniture Layout)

Approx. Floor Area 66 sqm

Inclusive of Internal Floor Area of 63 sqm and
Air-con Ledge

To cater to changing lifestyles and provide more flexibility in the use of kitchen space, HDB has designed the flats with a combined kitchen/utility space.

The layout offers homeowners flexibility in configuring the area according to their preferences.

For example, you can add partition to separate the kitchen and utility, as indicated in the dotted line.

The coloured floor plan is not intended to demarcate the boundary of the flat
