**HDB'S SALES LAUNCH
FEBRUARY 2024**

BTOgether

WOODGROVE EDGE

Bounded by Woodgrove Avenue and Rosewood Drive, Woodgrove Edge derives its name from its unique essence of having a linear park adorning its southern border. This project comprises 7 residential blocks, ranging from 15 to 16 storeys in height. You can choose from 1,127 units of 2-room Flexi, 3-, 4-, and 5-room flats.

Residents can enjoy the convenience of having a minimart, shops, eating house, preschool, and residents' network centre within the project. Additionally, Woodgrove Edge will house various playgrounds and fitness stations, promoting an active and healthy lifestyle for residents of all ages. The project also comes with 2 roof gardens, each situated atop a Multi-Storey Car Park (MSCP), providing serene green spaces for residents to unwind and connect. The adjacent future park will serve as an alternative spot for outdoor fun and exercise.

Please refer to the site plan for the facilities provided in Woodgrove Edge. Facilities in this project will be accessible by the public.

IMPORTANT NOTES

HDB precincts are planned to serve the evolving needs of the community. There are spaces catered for future inclusion of amenities/ facilities (such as preschools, eldercare facilities, education centres, residents' network centres, day activity centres, etc), commercial facilities (such as shops and eating houses), mechanical and electrical rooms, and such other facilities depending on the prevailing needs. These spaces could be in the void decks, common property, car parks, or stand-alone community buildings.

In addition, housing projects may be located near roads, railways, airbases, construction sites, and land used for non-residential purposes. Hence, residents may experience higher noise levels. We have provided information on the surrounding land use, proposed facilities, and their locations in the maps and plans of individual projects, where feasible. All developments and facilities shown (including but not limited to their locations, form, massing and/or building heights) are subject to change and planning approval. The information provided is based on the current planning intent of the relevant authorities and is subject to change from time to time.

SMART SOLUTIONS

Woodgrove Edge will come with the following smart solutions to reduce energy usage, and contribute to a safer and more sustainable living environment:

- Smart-Enabled Homes with provisions to facilitate adoption of smart home solutions
- Smart Lighting in common areas to reduce energy usage

EMBRACING WALK CYCLE RIDE

With an increased focus on active and healthy living, the housing precinct is designed with well-connected pathways to make it easier for residents to walk and cycle more as part of their daily commutes to the surrounding amenities and public transport:

- Convenient access and walking distance to public transport
- Safe, pleasant, and welcoming streets for walking and cycling
- Sheltered covered linkways and barrier free accessibility to facilities
- Wayfinding and signages for orientation and navigation

Woodgrove Edge is accessible via the Seletar Expressway for drivers. There are plans for residents to be connected to the main transport node at Woodlands Integrated Transport Hub by public transport in tandem with the growth of developments in Woodgrove.
